ENUM Registry Update

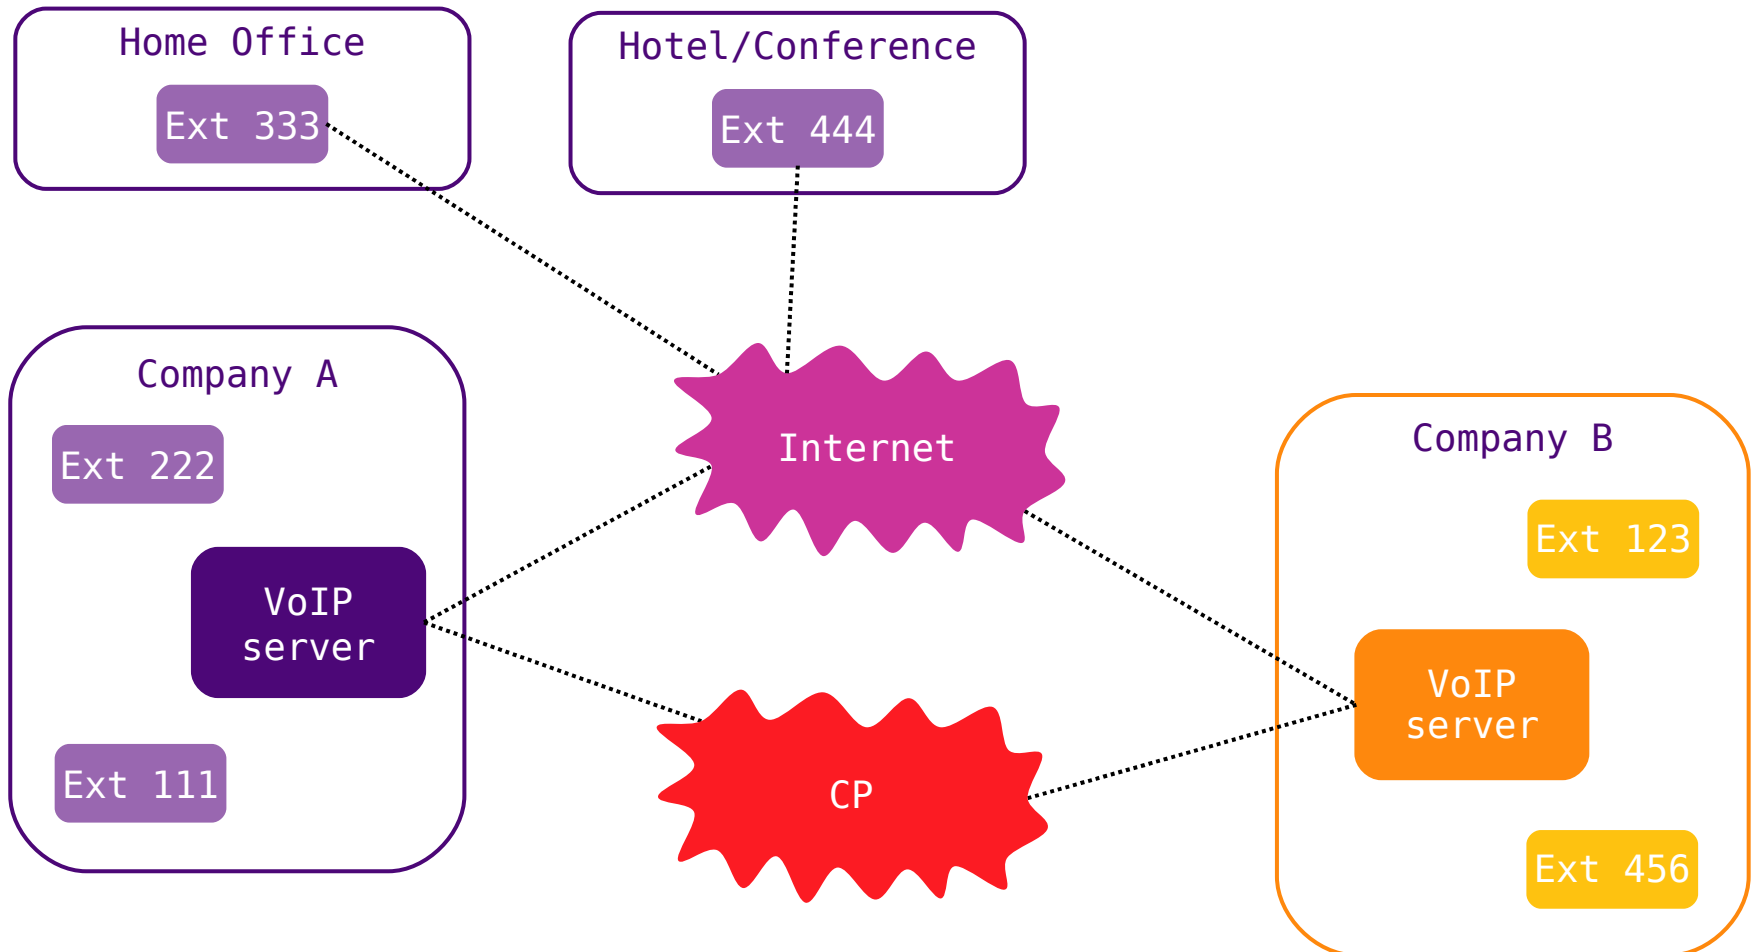

13 February 2009

ENUM explained

nominet

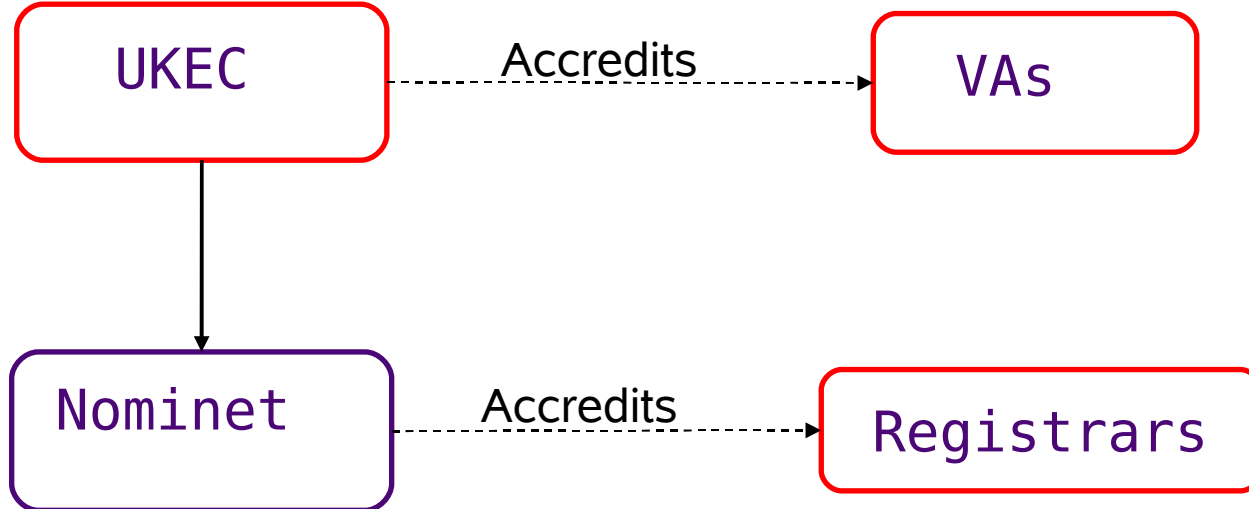

ENUM aids VoIP connection

ENUM in the UK

nominet

UKEC controls, Nominet operates

ENUM explained

Four key differences from .uk process

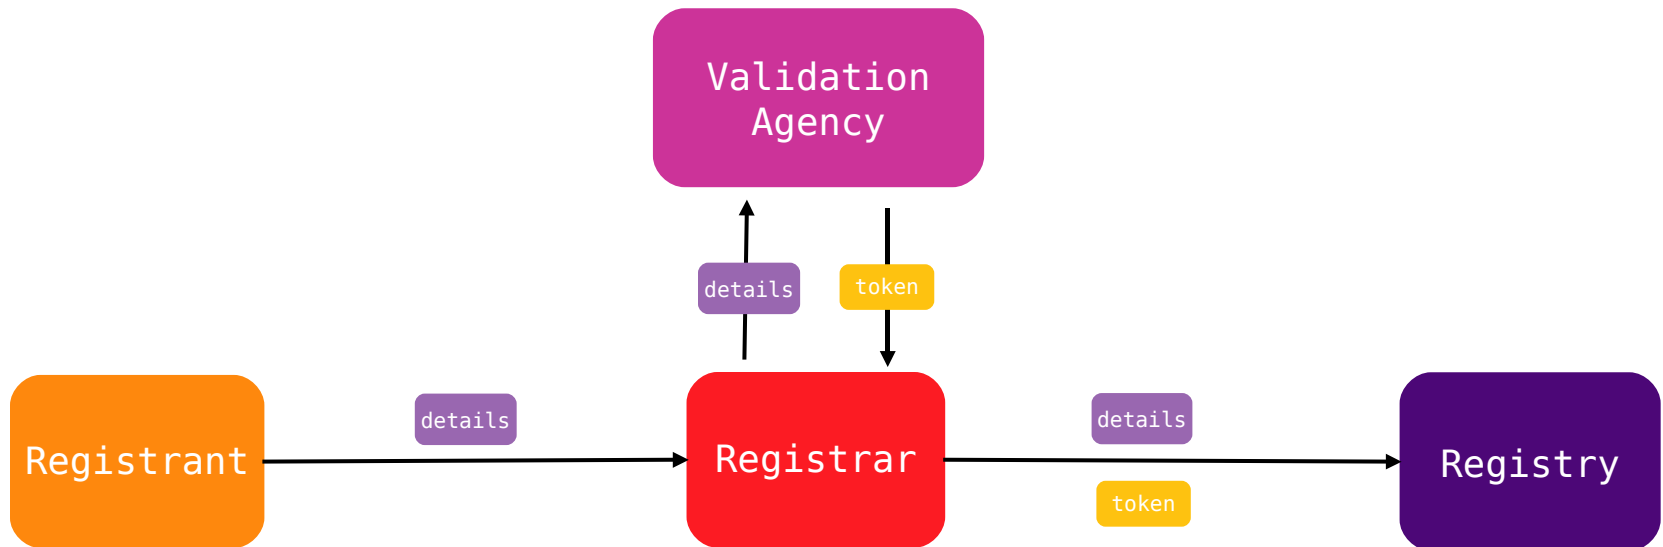

nominet

- No direct contract between Registry and Registrant
- All registrations are validated
- One registration can be for many numbers
- No WHOIS

ENUM explained

nominet

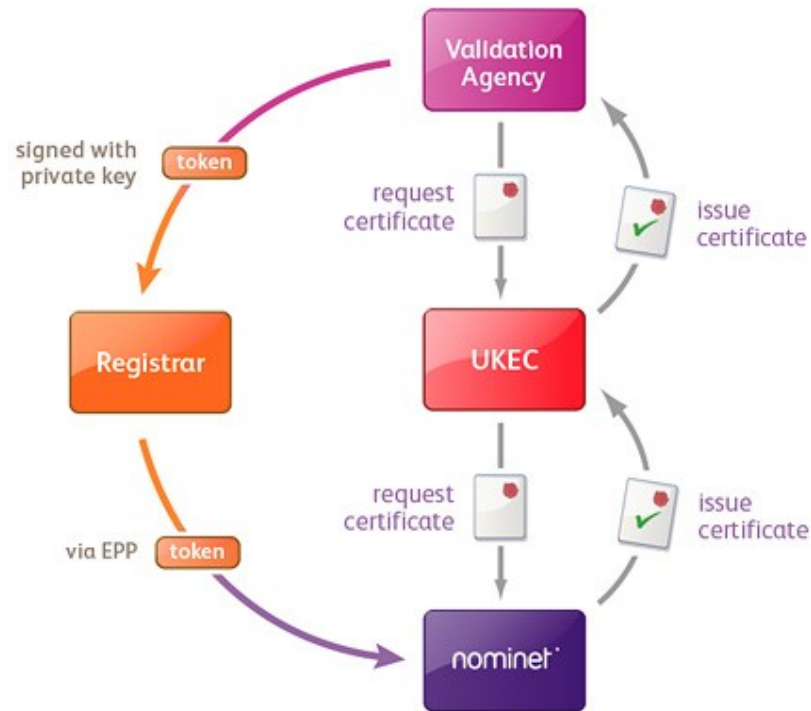

All ENUMs must be validated

ENUM explained

VA Process

nominet

What just happened?

nominet

ENUM 'soft launched'

ENUM service launched on 7 October

- Can now take Registrar applications
- No Registrations yet
- 4.4.e164.arpa zone served

What next?

nominet

We need Validation Agencies

- Public consultation completed Autumn 2008
- Hope Registrars will become own VAs
- But ...

What next?

nominet

We also need Independent VAs

- Two independent VAs so far
- Nominet *not* acting as VA of Last Resort (yet)
- Need to validate numbers for
 - Company number blocks
 - Individuals
 - Mobiles

What next?

nominet

Full launch imminent

- CA testing being done
- Start taking registrations
- Planned for 11 March

What next?

nominet

ENUM needs to be marketed

Nominet have joined ENUM Federation

- Group of European ENUM Registries
- Raising brand awareness and promoting ENUM business case
- First meeting 26 February

What next?

nominet

ENUM Registrars wanted

ENUM Registrar Information Day

- Much, much more on ENUM and becoming a registrar
- To be held twice a year
 - Last held on 3 December in Leeds
 - <http://www.nominet.org.uk/go/enumevents>
